

Live Hero's duty is simple to alleviate suffering and to enhance the life and living of those who have served and were injured in defense of national security. This includes all branches of the US military and anyone in official duty injured through an act of terrorism such as 911.

Throughout a network of our nation, partners, and friends we will provide assistance as a means to an end. We believe its the duty of our nation, and we take it to heart.

LIVE HERO, INC

Our Mission:

to aid in the alleviation of suffering and to provide support in response to basic needs, not all inclusive of shelter, food, transportation, healthcare, socialization, needs of technology and living to the assistance of removal of undue stress resulting from the damages incurred from the emergent defense of our freedoms to the goal of increased joy and living
